

**20 Years of Championing Fly Fishing Wellness Retreats
for Women Battling or Surviving Cancer**

Reeling & Healing Midwest Facts

- Our Mission: To provide participants with a one-of-a-kind experience on and off the river, which renews their spirit and hope through the combined elements of fly fishing, nature, peer coaching, and positive camaraderie.
- New Participant Retreats host 12-14 participants and 14-16 volunteers. On average, ninety-six percent (96%) of the participants have never fly fished; Fifty percent (50%) fished when they were children; Fifty percent (50%) don't swim; Ninety-nine percent (99%) have never worn a pair of waders nor have any knowledge of aquatic insects.
- 100% of donations received underwrite our New Participant Retreats.
- RHM is 100% volunteer-staffed.
- Our retreat programs began in 1998 and were inspired by women challenged with a cancer diagnosis and the quest for something more in life.
- Since 2005 our retreat programs have been available for women diagnosed with or surviving **any** cancer.
- To honor the requests to expand their support network and continue their fly fishing education, RHM added the first Reunion Retreat in 2005.
